

## You can have your very own tract distribution ministry

### Mobilising Believers for Action

---

Dear Co-labourer

I was having a phone conversation with my father, who had given his life to the Lord a few years ago. As we got deeper and deeper into our conversation, he told me about a dream that he had had a number of times. In this dream He found himself standing by the roadside with a bell in His hand preaching the Gospel.

In response to the dream, this is what he did. He got himself a bell, equipped himself with a stack of tracts, then went into his neighbourhood telling people about Jesus. As a result He won 15 people to the Lord.

"And He said to them, "Go into all the world and preach the gospel to **every creature**" (Mark 16:15).

### Outreach Tip

One way of preaching the gospel to every creature is to give out "good news" tracts. Get some tracts, stamp them with your church's address, and distribute them where ever you go. You can have your very own "Tract Distribution Ministry".

### Outreach Resources

You can download some of the very best 'good news' tracts from our website, print them, and give them out where ever you go.
